**COSMOS TOKYO
#SB-46400**

EU Synthetic Leather Enamel Finish, very high scuff resistance, water repellent, reinforced with highly responsive foamy substance giving extraordinary suppleness and high speed and a special multilayered diagonally pre-stretched reinforcement network ensuring the retention of shape and circumference of the ball. Fitted with natural latex bladder, balanced & good air retention.

Top of the range soccerball meeting FIFA's highest demands and classified into "FIFA Quality Pro" category for size 5.

Available in custom colours and designs on demand.

**COSMOS PARIS
#SB-46500**

Top quality Soccerball meeting FIFA's highest demands and classified into "FIFA Quality Pro" category.

Synthetic Leather super brilliant enamel finish scuff resistant and water repellent, reinforced with technical closed cell expanded foamy substance giving extra suppleness and a special multilayered diagonally stretched reinforcement network ensuring highest level of FIFA requirements pertaining to the shape and circumference of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

**COSMOS DALLAS
#SB-46450**

Cosmos Dallas is a COMPETITION ball of the highest quality.

The outer cover has an INCORPORATED Complex foam layer based on abrasion resistant polyurethane. The outer cover is a combination of special synthetic polystyrenes and natural rubber. Cleverly embedded within the layers are equal sizes, highly elastic, exceptionally resistant gas-filled MICRO-CELLS which are backed by closely WOVEN knitted fabric. There is a high modulus of compression of this foamy layer which gives it a really good elastic memory.

Available in custom colours and designs on demand.

**COSMOS CHICAGO
#SB-46880**

Top quality Soccerball meeting FIFA's highest demands and classified into "FIFA Quality Pro" category.

Compact polyurethane enamel finish with elastomeric properties which give supple handling, low water absorption and high scuff resistance. Reinforcement with a special multilayered stretched reinforcement network ensuring highest level of FIFA requirements pertaining to the shape and circumference of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

**COSMOS OHIO
#SB-46550**

Cosmos Ohio is COMPETITION BALL of high quality. The outer layer is of flexible, durable, wrinkle resistant POLYURETHANE on a strongly compressed NON-WOVEN fabric base. The synthetic leather is very strong and very soft. Sandwiched between the backing fabric layers and synthetic leather is a European made very soft, durable, elastic and light weighted CLOSED CELL EPDM air mattress. This air-cushion has a quick recovery time, water repellent and has a good "recoil memory". It imparts a really good soft touch to the ball which is especially useful in head kicking of the ball.

Available in custom colours and designs on demand.

FIFA QUALITY FOOTBALLS / SOCCERBALLS

**AXIS
#SB-46890**

High quality Soccerball, made of polyurethane man-made leather with shiny strong scuff resistant P.U. top coat, qualifies FIFA Demands for all competition matches, meets or exceeds FIFA Quality test criteria, reinforcement with multilayered diagonally stretched laminated fabrics.

Licensed by FIFA as FIFA Quality under its Authorization No. 406.D3Q.

Available in custom colours and designs on demand.

**COSMOS FRANCE
#SB-46850**

Soccerball meeting FIFA's demands for matches of all competitive levels and classified into "FIFA Quality" category.

Multilayered polyurethane with woven fabric base. Resistant to scuffing with supple contact. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring high level of FIFA requirements pertaining to shape and circumference of the ball. Fitted with natural latex bladder, supple, balanced & good air retention.

Available in custom colours and designs on demand.

**COSMOS PERFECT
#SB-46877**

Multilayered shiny polyurethane top sandwiched by foamy substance making the ball extra supple. Scuff resistant.

Soccerball meeting FIFA's demands for matches of all competitive levels and classified into "FIFA Quality" category for size-5.

Reinforced with a special multilayered diagonally pre-stretched reinforcement network ensuring the shape and circumference stability. Fitted with natural latex bladder, supple, balanced & good air retention.

Available in custom colours and designs on demand.

**COSMOS HOUSTON
#SB-46877**

Multilayered enameled polyurethane sandwiched by foamy substance making the ball extra supple. Scuff resistant.

Soccerball meeting FIFA's demands for matches of all competitive levels and classified into "FIFA Quality" category for size-5.

Reinforced with a special multilayered diagonally pre-stretched reinforcement network ensuring the shape and circumference stability. Fitted with natural latex bladder, supple, balanced & good air retention.

Available in custom colours and designs on demand.

**COSMOS HAWAII
#SB-46860**

Soccerball meeting FIFA's demands for matches of all competitive levels and classified into "FIFA Quality" category.

Synthetic Leather shiny. Outer layer multilayer PVC coating with good abrasion resistance. Dense micro-cellular PVC substrate on light fabric support adds a more agreeable softness to the outer cover. Reinforced with a special multilayered reinforcement network ensuring high level of FIFA requirements pertaining to the shape and circumference of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

OTHER FOOTBALLS / SOCCERBALLS

**COSMOS TORNADO
#SB-46600**

It is a high quality Matchball. It is the same ball as our FIFA Quality Pro model COSMOS TOKYO. It is our top of the range ball made from EU Synthetic Leather with Enamel Finish, very high scuff resistance, water repellent, reinforced with highly responsive foamy substance giving extraordinary suppleness and high speed and a special multilayered reinforcement network ensuring the retention of shape and circumference of the ball.

Top of the range ball meeting FIFA's high demands.

Available in custom colours and designs on demand.

**MARS
#SB-46840**

Soccerball specially developed in Polyurethane man-made leather, bright P.U. top coat, tested and approved for INTERNATIONAL MATCH-BALL STANDARDS by LGA, Nurnberg, Germany under its Certification No. LW0030195/3.

Reinforced with multilayered diagonally stretched laminated fabrics of man-made yarn, qualifies for all confederation and federation matches, shape retention and guaranteed superb stitching supple, balanced, good air-retention, environment friendly.

Available in custom colours and designs on demand.

**COSMOS UNIQUE
#SB-46333**

High quality shiny rubber ball meeting FIFA's requirements for all competitive matches.

Classified into International Match-ball Standards (IMS).

Unique is an all weather ball with special reinforcement of multilayered, diagonally bonded nylax backing ensure shape and roundness stability.

It is extra soft with very low water-uptake. Its Certification # LW0030195/1.

Available in custom colours and designs on demand.

**COSMOS TIGER-II
#SB-46065**

It is a competition/training ball.

Top cover is high quality PU coat on microcellular foamy base. This microcellular foamy base on light fabric support gives it a more agreeable softness. It has a decent abrasion and water resistance.

Reinforced with crosswise laminated layers of fabric made of pre-stretched synthetic fibers. Fitted with natural latex bladder, supple & balanced.

Available in custom colours and designs on demand.

**COSMOS TIGER-P
#SB-46875**

It is a competition/training ball with new pattern.

Top cover is high quality PU coat on microcellular foamy base. This microcellular foamy base on light fabric support gives it a more agreeable softness. It has a decent abrasion and water resistance. Reinforced with crosswise laminated layers of fabric made of pre-stretched synthetic fibers. Fitted with natural latex bladder, supple & balanced.

Available in custom colours and designs on demand.

OTHER FOOTBALLS / SOCCERBALLS

**COSMOS BRAVO
#SB-46080**

It is a training ball of high quality. Same ball as our FIFA Quality model COSMOS HAWAII. It meets FIFA's demands for matches of all competitive levels and classified into "IMS" category. Shiny outer multilayer PVC coating with good abrasion resistance. Dense microcellular PVC substrate. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring highest level of FIFA requirements pertaining to the shape and circumference of the ball. Fitted with natural latex bladder, supple, balanced and having good air retention.

Available in custom colours and designs on demand.

**SUPER STAR
#SB-30100 CS**

Natural Leather superbly treated with polyurethane, soft scuff resistant and water proof.

Reinforced with a special multilayered diagonally stretched reinforcement network ensuring highest level of FIFA requirements pertaining to the shape and circumference of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

**SOFT TOUCH
#SB-3932 ST**

High quality synthetic leather with very smooth and soft texture, designed exclusively for women.

Although it is quite soft and supple but still its weight, bounce, circumference and all other specifications comply with FIFA regulations.

Water resistant. Unique diagonally bonded rubber backing gives it great resilience and ensure shape stability. Good air retention. Fitted with natural latex bladder.

Available in custom colours and designs on demand.

**BRAZIL
#SB-46005**

Outer PU/PVC cover nylon wound, laminated butyl bladder construction (LBC). All weather ball. Water resistant. Scuff resistant. Official weight and size 5.

Available in custom colours and designs on demand.

**SHALIMAR
#SB-46010**

Outer layer compact polyurethane with elastomeric properties.

Supple, mechanical resistant and low water absorption. Grained finish.

Reinforced with a special multilayered diagonally stretched reinforcement network ensuring highest level of FIFA requirements pertaining to the shape and circumference of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

OTHER FOOTBALLS / SOCCERBALLS

**COSMOS STAR
#SB-46060**

High quality synthetic polyurethane leather super brilliant finish with bonded nylax reinforcement ensuring shape retention, sphericity meeting FIFA requirements as to weight and circumference, wear resistant and water repellent.

Supple, weather resistant and environment friendly.

Available in custom colours and designs on demand.

**COSMOS ASTEROID
#SB-46820**

Synthetic Leather grained, outer layer multilayer PVC coating with good abrasion resistance. Dense micro-cellular PVC substrate on light fabric support adds a more agreeable softness to the outer cover.

Reinforced with a special multilayered diagonally stretched reinforcement network ensuring highest level of FIFA requirements pertaining to the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

**COSMOS DETROIT
#SB-46870A**

Synthetic Leather Shiny PVC ball with decent abrasion resistance.

Reinforced with pre-stretched diagonally reinforcement for perfect shape and circumference stability meeting all the Official requirements pertaining to football. Fitted with natural latex bladder.

Available in custom colours and designs on demand.

**COSMOS ALLROUND
#SB-46870B**

Synthetic Leather PVC ball, abrasion resistant.

Reinforced with crosswise lamination with high quality fabric for perfect shape and circumference stability meeting all the Official requirements pertaining to football. Fitted with natural latex bladder.

Available in custom colours and designs on demand.

INDOOR / SALA BALLS

**COSMOS FUTSAL
#ID-46715**

A Sala Ball meeting FIFA's demands for matches of all indoor competitive levels and classified into "FIFA Quality Pro" category.

High quality synthetic polyurethane leather with special coating, hard wearing. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring high level of FIFA requirement pertaining to shape and circumference of the ball. Fitted with specially designed stuffed bladder for low bounce balance and good air retention.

Available in custom colours and designs on demand.

**FUTBOL SALA
#ID-46713**

High quality polyurethane with special brilliant coating. Excellent in abrasion resistance, water resistant. Especially developed multilayered diagonally bonded backing ensures precise roundness and shape stability alongwith immaculate balance and perfect bounce.

Available in custom colours and designs on demand.

**COSMOS INDOOR
#ID-46716**

Synthetic Leather high quality with special coating, hard wearing and water resistant. It is the same ball as our FUTSAL.

Grained finish. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with specially stuffed bladder for low bounce & good air retention.

Available in custom colours and designs on demand.

**FUTSAL
#ID-46730**

Synthetic Leather high quality with special coating, hard wearing and water resistant.

Grained finish. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with specially stuffed bladder for low bounce & good air retention.

Available in custom colours and designs on demand.

**FIVE-A-SIDE
#SB-46710**

High quality polyurethane, excellent in abrasion resistance and water resistant with special brilliant coating.

Reinforced with a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with specially stuffed bladder for low bounce and good air retention. Used for playing 5 against 5.

Available in custom colours and designs on demand.

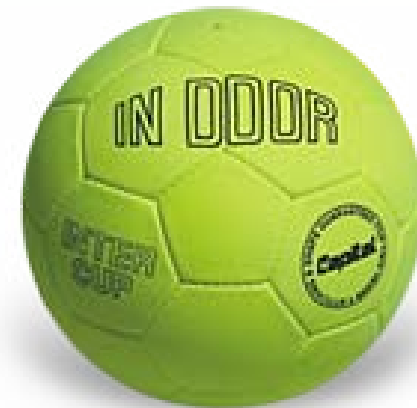

FIFA APPROVED FOOTBALLS / SOCCERBALLS

**INTER CUP
#ID-46070**

Unique soft suede synthetic leather and wear resistant. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with butyl bladder, supple balanced and good air retention.

Available in custom colours and designs on demand.

**FIVE-A-SIDE
#ID-46711**

Synthetic Leather high quality with special coating, hard wearing and water resistant. Grained finish. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with specially stuffed bladder for low bounce and good air retention. Used for playing 5 against 5.

Available in custom colours and designs on demand.

**COSMOS SALA
#ID-46714**

Synthetic Leather, shiny, outer layer multilayer PVC coating with good abrasion resistance. Dense microcellular PVC substrate on light fabric support adds a more agreeable softness to the outer cover. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with specially stuffed bladder for low bounce and good air retention. Customizable colours and patterns.

Available in custom colours and designs on demand.

**PLAY
#ID-46700**

Synthetic Felt, hard wearing. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with butyl bladder, supple, balanced and good air retention. Customizable colours and patterns.

Available in custom colours and designs on demand.

**FUTSAL JUNIOR
#ID-46732**

Synthetic Leather grained, outer layer multilayer PVC coating with good abrasion resistance. Dense microcellular PVC substrate on light fabric support adds a more agreeable softness to the outer cover. Hard wearing and cold resistant. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with specially stuffed bladder for low bounce and good air retention.

Available in custom colours and designs on demand.

VOLLEY BALLS

**CAPITAL PROFESSIONAL
#VB-16010**

Specially selected full grain and full chrome leather and extra soft.

Reinforced with special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

**CAPITAL SUPER SOFT
#VB-16020**

Synthetic Leather high quality with special coating, hard wearing, soft and leather feel. Grained finish.

Reinforced with special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with natural latex bladder, supple, balanced & good air retention.

Available in custom colours and designs on demand.

**CAPITAL ELITE
#VB-16030**

Volleyball made of man-made polyurethane leather, genuine leather like grains with bonded nylux reinforcement, very soft, durable, guaranteed shape and circumference meeting standard international specifications & quality standards.

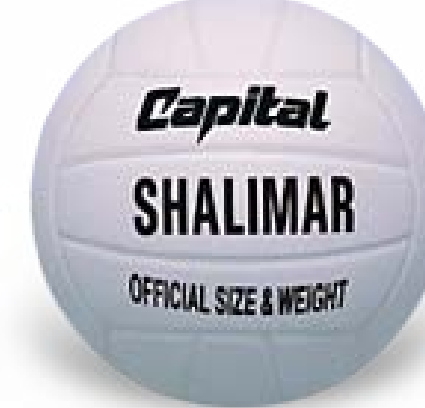

Available in custom colours and designs on demand.

**SHALIMAR
#VB-16035**

High quality Volleyball in laminated construction made of man-made polyurethane leather of super soft fibre-base and butyl nylon wound carcass, meeting international specifications, good air retention, shape and size guaranteed.

Available in custom colours and designs on demand.

**CAPITAL SMASH
#VB-16040**

Synthetic Leather, super shiny PVC top, soft but strong scuff resistance, bonded nylux super soft reinforcement, ensuring sphericity and shape retention, stitching and shape guaranteed, meeting official specifications.

Available in custom colours and designs on demand.

BEACH BALLS

**SHALIMAR BEACH
#SB-46666**

High quality PU leather especially treated with soft, rubbery, diagonally stretched backing making it really suitable for beach conditions.

Soft, supple, good air retention & well balanced. Environment friendly.

Available in custom colours and designs on demand.

**BEACH LIGHT
#SB-46777**

Synthetic Leather (PVC) ball with colourful designs.

Dense microcellular PVC substrate on a light fabric, gives extra softness to the outer cover. Reinforced with soft rubbery, diagonally stretched backing. Fitted with natural latex bladder. Wear resistant and extremely water repellent.

Available in custom colours and designs on demand.

**SHALIMAR FORCE
#SB-46444**

Natural Rubber with shiny surface, wear resistant and water repellent. Special backing makes it specially useful for sandy/watering conditions.

Available in custom colours and designs on demand.

**BEACH VOLLEY
#VB-16050**

Multilayered polyurethane with woven fabric base, resistant to scuffing with supple contact.

Reinforced with special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Recyclable.

Available in custom colours and designs on demand.

**AQUA PRO
#VB-16060**

Soft natural rubber outer cover with special multilayered diagonally bonded rubber reinforced backing.

Wonderful shape and circumference stability. Extra supple, good balance. Fitted with natural latex bladder. Environment friendly.

Available in custom colours and designs on demand.

**BEACH LUXURY
#VB-26050**

Synthetic Leather shiny. Outer layer multilayer PVC coating with good abrasion resistance. Dense microcellular PVC substrate on light fabric support adds a more agreeable softness to the outer cover.

Reinforced with special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

SPORT BALLS

**TIGER
#SB-46085**

Multilayered polyurethane with woven fabric base. Resistant to scuffing with supple contact. With steel hook for hanging purpose. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring highest level of FIFA requirements pertaining to the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

**COSMOS ATTACK
#SB-46222**

Natural Rubber with grippy surface, wear resistant and water repellent. Reinforced with a special multilayered diagonally stretched reinforcement network ensuring highest level of requirements pertaining to the shape and circumference of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

**MEDICINE BALLS
#MB-63907**

Synthetic Leather grained, outer layer multilayer PVC coating with good abrasion resistance. Dense microcellular PVC substrate on light fabric support adds a more agreeable softness to the outer cover. Reinforced with multilayered fabric. Stuffed with special selected fibres. Customizable colours and patterns.

Available in custom colours and designs on demand.

**CAPITAL STREET
#SB-46555**

Natural rubber with grained surface. Strong wear resistance, novel diagonally bonded rubber reinforced backing makes it especially useful for extremely hard, rough playing surfaces. Water repellent and resistant to extreme weather conditions.

Available in custom colours and designs on demand.

**COSMOS MINI
#SB-46960**

Synthetic Leather shiny. Outer layer multilayer PVC coating with good abrasion resistance. Dense microcellular PVC substrate on light fabric support adds a more agreeable softness to the outer cover.

Reinforced with a special multilayered diagonally stretched reinforcement network ensuring the shape and circumference stability of the ball. Fitted with natural latex bladder, supple, balanced and good air retention. Customizable colours and patterns.

Available in custom colours and designs on demand.

COSMOS PRIME #HB-74914

Selected full chrome natural leather, pre-stretched. Reinforced with 1 layer technical closed cell expanded foamy substance giving extra suppleness and a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.

SHALIMAR BLITZ #HB-74684

Synthetic Leather exclusive quality with perfect grip and wear resistance. Reinforced with 1 layer technical closed cell expanded foamy substance giving extra suppleness (for size-3 and 2) and a special multilayered diagonally stretched reinforcement network ensuring shape and circumference stability of the ball. Fitted with natural latex bladder, supple, balanced & good air retention.

Available in custom colours and designs on demand.

COSMOS ARORA #HB-74694

High quality golf grained PU of highest quality with strong grip and wear resistance. Unique diagonally bonded rubber reinforced backing ensures shape and circumference stability of the ball. Supple, balanced and good air retention.

Available in custom colours and designs on demand.

SHALIMAR ATLANTA #HB-74474

Natural Rubber with golf grain having high grip, softness and wear resistance. Reinforced with unique multilayered diagonally bonded rubber reinforced backing ensures shape and circumference stability of the ball. Fitted with natural latex bladder, supple, balanced and good air retention. designs on demand.

Available in custom colours and designs on demand.

COSMOS NEVADA #HB-74574

Natural Rubber with kid grain having good grip, softness and wear resistance. Reinforced with unique multilayered diagonally bonded rubber reinforced backing ensures shape and circumference stability of the ball. Fitted with natural latex bladder, supple, balanced and good air retention.

Available in custom colours and designs on demand.
